1. Aims

Our SEN policy and information report aims to:

- › Set out how our school will support and make provision for pupils with special educational needs (SEN)
- › Explain the roles and responsibilities of everyone involved in providing for pupils with SEN

At Keelham Primary school we aim to create an inclusive and safe working environment which allows our children to become confident, resourceful learners. We care about all of our children and their welfare and happiness is at the heart of everything we do. All children are supported and encouraged to achieve their full potential through intensive adult interactions and the use of specific strategies and resources.

2. Legislation and guidance

This policy and information report is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice and the following legislation:

- › Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEN and disabilities
- › The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the SEN information report

3. Definitions

A pupil has SEN if they have a learning difficulty or disability that calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- › A significantly greater difficulty in learning than the majority of the others of the same age, or
- › A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

4. Roles and responsibilities

4.1 The SENCO

The SENCO is Robert Hunter.

They will:

- › Work with the headteacher and SEN governor to determine the strategic development of the SEN policy and provision in the school
- › Have day-to-day responsibility for the operation of this SEN policy and the co-ordination of specific provision made to support individual pupils with SEN, including those who have EHC plans
- › Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEN receive appropriate support and high-quality teaching
- › Advise on the graduated approach to providing SEN support
- › Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- › Be the point of contact for external agencies, especially the local authority (LA) and its support services
- › Liaise with potential next providers of education to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements
- › Ensure the school keeps the records of all pupils with SEN up to date

4.2 The SEN governor

The SEN governor will:

- › Help to raise awareness of SEN issues at governing board meetings
- › Monitor the quality and effectiveness of SEN and disability provision within the school and update the governing board on this
- › Work with the headteacher and SENCO to determine the strategic development of the SEN policy and provision in the school

4.3 The headteacher

The headteacher will:

- › Work with the SENCO and SEN governor to determine the strategic development of the SEN policy and provision within the school
- › Have overall responsibility for the provision and progress of learners with SEN and/or a disability

4.4 Class teachers

Each class teacher is responsible for:

- › The progress and development of every pupil in their class
- › Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions, and how they can be linked to classroom teaching
- › Working with the SENCO to review each pupil's progress and development, and decide on any changes to provision
- › Ensuring they follow this SEN policy

5. SEN information report

5.1 The kinds of SEN that are provided for

Our school currently provides additional and/or different provision for a range of needs, including:

- › Communication and interaction, for example, autistic spectrum disorder, Asperger's Syndrome, speech and language difficulties
- › Cognition and learning, for example, dyslexia, dyspraxia
- › Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD)
- › Sensory and/or physical needs, for example, visual impairments, hearing impairments, processing difficulties, epilepsy

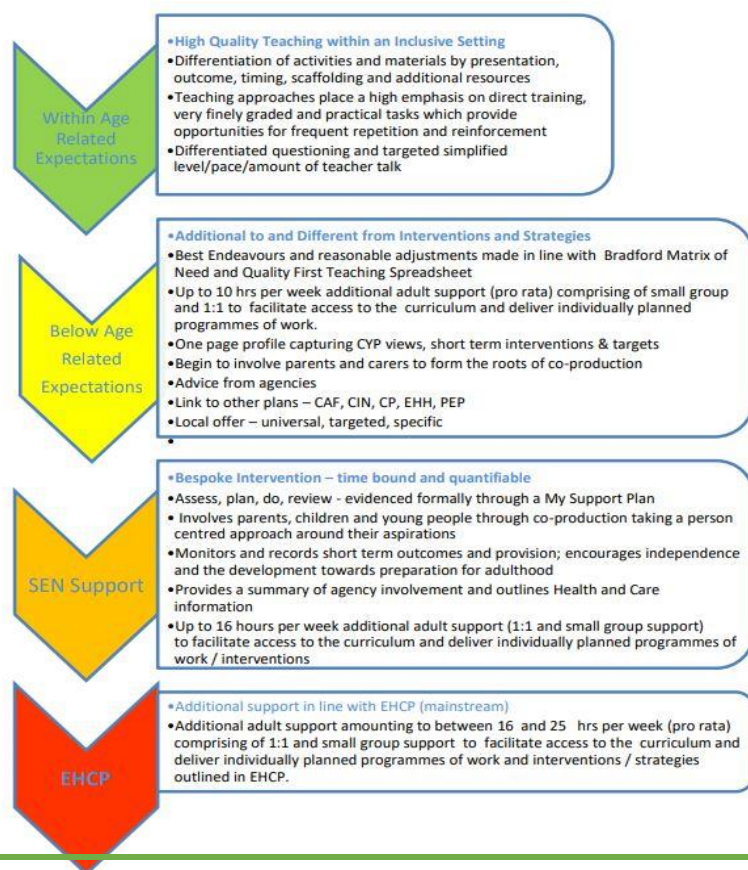

5.2 Identifying pupils with SEN and assessing their needs

The school will assess each child's current levels of attainment on entry in order to ensure that they build on the patterns of learning and experience already established during the child's pre-school years. If the child already has an identified special educational need, this information may be transferred from other partners in their Early Years setting and the class teacher and SENCO will use this information to:

- Provide starting points for the development of an appropriate curriculum.
- Identify and focus attention on action to support the child within the class.
- Use the assessment processes to identify any learning difficulties.
- Ensure ongoing observation and assessments provide regular feedback about the child's achievements and experiences to form the basis for planning the next steps of the child's learning.

The identification and assessment of the special educational needs of children whose first language is not English requires particular care. Where there is uncertainty about a particular child, a teacher will look carefully at all aspects of the child's performance in different subjects to establish whether the problems are due to special educational needs.

We use Bradford Graduated Response to assess the level of support required for each child:

5.3 Consulting and involving pupils and parents

We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- › Everyone develops a good understanding of the pupil's areas of strength and difficulty
- › We take into account the parents' concerns
- › Everyone understands the agreed outcomes sought for the child
- › Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and given to their parents.

We will formally notify parents when it is decided that a pupil will receive SEN support.

5.4 Assessing and reviewing pupils' progress towards outcomes

We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.

The class or subject teacher will work with the SENCO to carry out a clear analysis of the pupil's needs. This will draw on:

- › The teacher's assessment and experience of the pupil
- › Their previous progress and attainment or behaviour
- › Other teachers' assessments, where relevant
- › The individual's development in comparison to their peers and national data
- › The views and experience of parents
- › The pupil's own views
- › Advice from external support services, if relevant

The assessment will be reviewed regularly.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions, and their impact on the pupil's progress.

5.5 Supporting pupils moving between phases and preparing for adulthood

We will share information with the school, college, or other setting the pupil is moving to. We will agree with parents and pupils which information will be shared as part of this.

5.6 Our approach to teaching pupils with SEN

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

High-quality teaching is our first step in responding to pupils who have SEN. This will be differentiated for individual pupils.

We will also provide the following interventions:

- Phonics
- Mathematics
- Literacy
- SEMH Small group work and one to one

5.7 Adaptations to the curriculum and learning environment

We make the following adaptations to ensure all pupils' needs are met:

- › Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- › Adapting our resources and staffing
- › Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- › Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

5.8 Additional support for learning

We have teaching assistants who are trained to deliver interventions such as ELKLAN.

Teaching assistants will support pupils on a 1:1 basis when required or stipulated on a child's EHCP.

Teaching assistants will support pupils in small groups when a more intensive approach is required.

We work with the following agencies to provide support for pupils with SEN:

- › Bradford SCIL Team – targeting 4 areas of need
- › Education Psychologist – school link Victoria Jubb
- › School Nursing Team
- › Early Help
- › Speech and Language
- › CAMHS
- › Bradford Social Care

5.9 Expertise and training of staff

Our SENCO has 2 years' experience in this role and has worked as an Early Years teacher and leader.

They are allocated 6 hours a week to manage SEN provision.

We have a team of teaching assistants, including higher level teaching assistants (HLTAs) who are trained to deliver SEN provision.

5.10 Securing equipment and facilities

The SENCO is responsible for the operational management of the specified and agreed resourcing for special needs provision within the school, including the provision for children with statements of special educational needs and Education Health and Care plans.

The headteacher informs the governing body of how the funding allocated to support special educational needs has been employed.

5.11 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:

- › Reviewing pupils' individual progress towards their goals each term
- › Reviewing the impact of interventions after 6 weeks
- › Using pupil questionnaires

- › Monitoring by the SENCO
- › Using provision maps to measure progress
- › Holding annual reviews for pupils with EHC plans

5.12 Enabling pupils with SEND to engage in activities available to those in the school who do not have SEND

All of our extra-curricular activities and school visits are available to all our pupils, including our before-and after-school clubs.

All pupils are encouraged to go on our residential trip(s).

All pupils are encouraged to take part in sports day/school plays/special workshops.

No pupil is ever excluded from taking part in these activities because of their SEN or disability.

All children have an entitlement to a broad and balanced curriculum, which is differentiated to enable children to understand the relevance and purpose of learning activities and experience levels of understanding and rates of progress that bring feelings of success and achievement.

Teachers use a range of strategies to meet children's special educational needs. Lessons have clear learning objectives and staff differentiate work appropriately, and use assessment to inform the next stage of learning. All staff receive regular training on teaching and learning styles and they endeavour to meet each child's needs.

The use of an assess, plan, do and review cycle and individual My Support Plans allows the child to access the curriculum using smaller steps that are appropriate to their needs.

We support children in a manner that acknowledges their entitlement to share the same learning experiences that their peers enjoy. Wherever possible, we do not withdraw children from the classroom situation. There are times though when, to maximise learning, we ask the children to work in small groups, or in a one-to-one situation outside the classroom.

5.13 Support for improving emotional and social development

We provide support for pupils to improve their emotional and social development in the following ways:

- › Pupils with SEN are encouraged to be part of the school council and class ambassador programme

We have a zero tolerance approach to bullying.

5.14 Working with other agencies

These services may become involved if a child continues to make little or no progress despite considerable input and adaptations. They will use the child's records in order to establish which strategies have already been employed and which targets have previously been set. However, to be referred to such outside agencies a child must meet the extensive criteria as set out in the Bradford Matrix of need.

The external specialist may act in an advisory capacity, or provide additional specialist assessment or be involved in teaching the child directly. The child's Individual targets will set out strategies for supporting the child's progress. These will be implemented, at least in part, in the normal classroom setting. The delivery of the interventions recorded in the My Support Plan, or assess plan do and review cycle, continues to be the responsibility of the class teacher.

Outside agencies may become involved if the child:

- Continues to make little or no progress in specific areas over a long period.

- Continues working at National Curriculum levels substantially below that expected of children of a similar age.
- Continues to have difficulty in developing literacy and mathematical skills.
- Has emotional or behavioural difficulties which regularly and substantially interfere with the child's own learning or that of the class group.
- Has sensory or physical needs and requires additional specialist equipment or regular advice or visits by a specialist service.
- Has an ongoing communication or interaction difficulty that impedes the development of social relationships and cause substantial barriers to learning.
- Despite having received intervention, the child continues to fall behind the level of their peers.

5.15 Complaints about SEN provision

Complaints about SEN provision in our school should be made to the SENCO or headteacher in the first instance. They will then be referred to the school's complaints policy.

The parents of pupils with disabilities have the right to make disability discrimination claims to the first-tier SEND tribunal if they believe that our school has discriminated against their children. They can make a claim about alleged discrimination regarding:

- › Exclusions
- › Provision of education and associated services
- › Making reasonable adjustments, including the provision of auxiliary aids and services

5.16 Contact details of support services for parents of pupils with SEN

Services available to parents can be found her: [Bradford Local Offer | SEND Provision in Bradford](#)

5.17 Contact details for raising concerns

Please contact the SENDCo by emailing the school main office – office@keelham.bradford.sch.uk or by phoning on 01274832491

5.18 The local authority local offer

Our contribution to the local offer is: [Bradford Local Offer | SEND Services](#)

Our local authority's local offer is published here: [Bradford Local Offer | SEND Provision in Bradford](#)

6. Monitoring arrangements

This policy and information report will be reviewed by the SENDCo and Headteacher **every year**. It will also be updated if any changes to the information are made during the year.

It will be approved by the governing board.

7. Links with other policies and documents

This policy links to the following documents:

- › Accessibility plan
- › Behaviour policy
- › Equality information and objectives
- › Supporting pupils with medical conditions policy
