Progression of knowledge, skills and vocabulary – mixed-age

¡Hola!

Kapow  
Primary™

# Introduction

This document gives an overview of the key knowledge covered in each knowledge strand of our mixed-age Spanish scheme of work (**Phonics**, **Vocabulary** and **Grammar**) and how this builds from Year 3/4 to Year 5/6.

For **Vocabulary** (Coming soon!) we have made the decision to show only key Spanish vocabulary and structures on this document, rather than listing all the vocabulary used in a unit. This is because it is the structures which are progressive and able to be used in different contexts and therefore are more valuable for children to retain. Where we feel that the 'topic vocabulary' is particularly important for pupils to retain we have added this on in **blue**, but at times it may be that they only retain relevant vocabulary for themselves (e.g. food they love/strongly dislike; family members from their own families etc.)

This document shows how we would expect pupils to progress in their application of this knowledge when dealing with **Language comprehension** and **Language production** in order to meet the end of key stage attainment targets set out in the National curriculum.

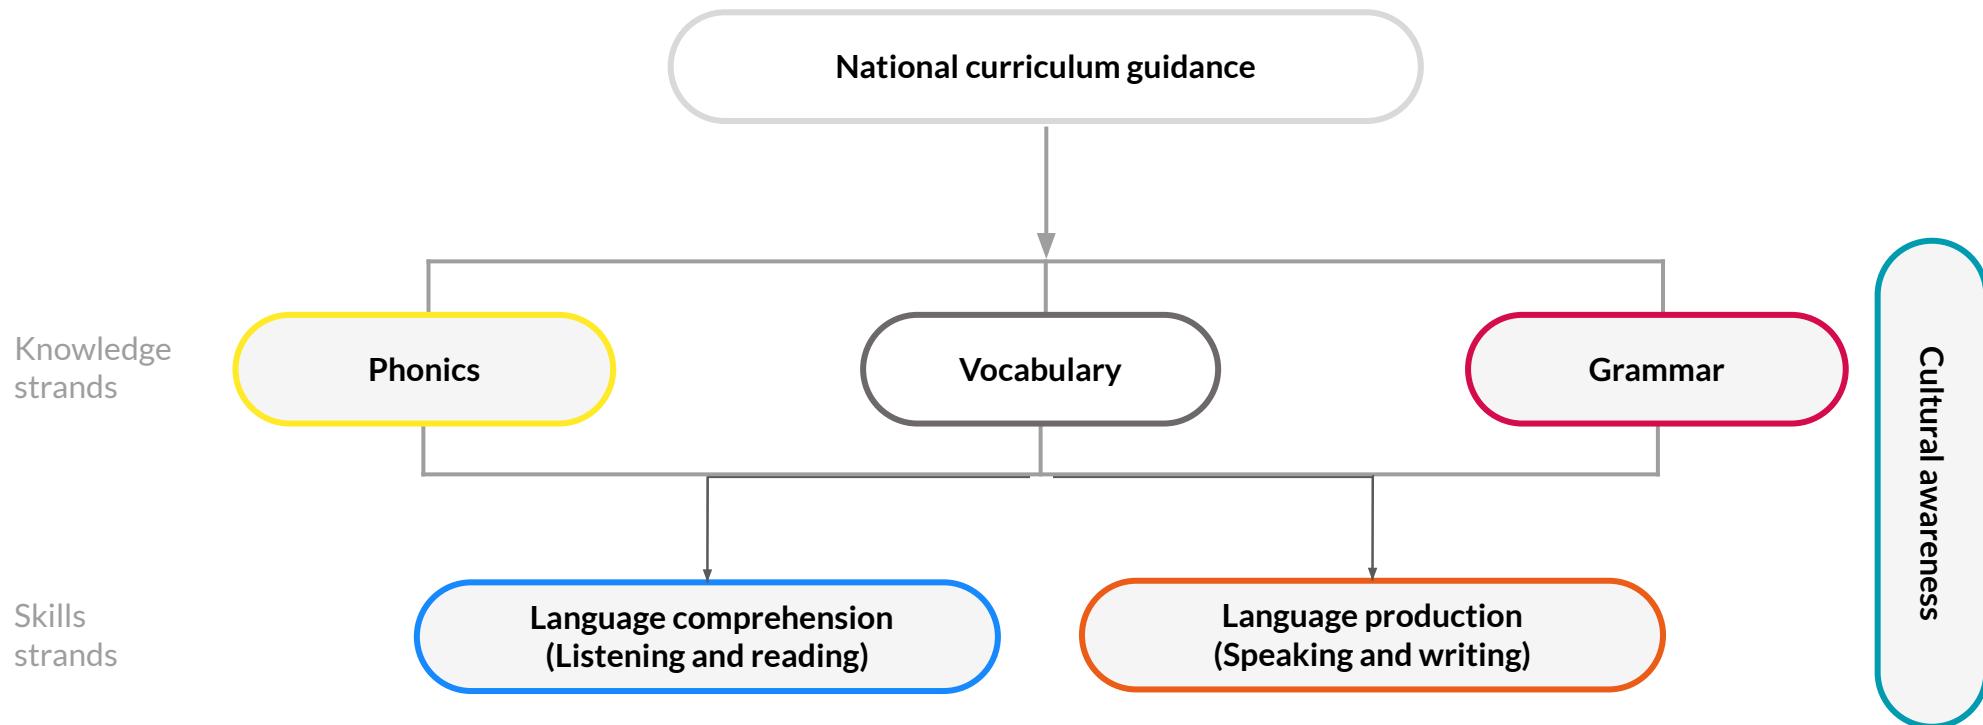

Please see our [Spanish: Long-term plan – mixed-age](#) for more information about the design of our Spanish curriculum.

Our key documents are regularly updated to reflect changes to content on our website. This version was created on 16.12.25. Please check here for the latest version.

# How is the Spanish scheme of work organised?

From the Ofsted research review: languages, we have identified three knowledge strands or 'pillars'. In each unit children will then draw upon this knowledge when comprehending and producing language to help them achieve the aims of the National curriculum.
